1. **Introduction**

1.1. This report is issued by the Business Rescue Practitioner in terms of section 132(3) (a) and (b)(ii) of the Companies Act 71 of 2008 ("Act") (the "Report") and delivered in accordance thereto to all known Affected Persons.

2. **Business Rescue Proceedings**

2.1. On 25 February 2020, Avedia Energy Pty Ltd (the "Company" or "Avedia") was placed under business rescue pursuant to a court order ("the Court Order") on this date;

2.2. Alison Timme was appointed as interim practitioner pursuant to the Court Order on 25 February 2020;

2.3. On 09 March 2020, Avedia instituted an application for leave to appeal the Court Order, thereby suspending the business rescue proceedings of Avedia and the interim appointment of Alison Timme;

2.4. The Western Cape High Court dismissed the application for leave to appeal on 19 March 2020;

2.5. On 26 March 2020, Avedia petitioned the Supreme Court of Appeal ("the SCA"), again suspending proceedings and the interim appointment of Alison Timme;

2.6. The petition to the SCA was dismissed on 14 August 2020;

2.7. On 26 August 2020, Avedia made application to the President of the SCA for a reconsideration of the dismissal of the petition ("the application for reconsideration");

2.8. The application for reconsideration was subsequently withdrawn on 1 September 2020 but replaced with Avedia petitioning the Constitutional Court for leave to appeal on the same date, thereby again suspending proceedings and the interim appointment of Alison Timme;

2.9. The leave to appeal was dismissed by the Constitutional Court on 2 November 2020, thereby lifting the suspension of proceedings and the suspension of Alison Timme's interim appointment;

2.10. Alison Timme's appointment as Business Rescue Practitioner was ratified by creditors at the section 147 meeting on the 18th of November 2020.

2.11. A summary of proceedings and main steps undertaken by the Business Rescue Practitioner in accordance with her statutory obligations are set out in the table below:

2.12. The BRP continues to oversee operational activities in line with her statutory obligations. The actions that have been taken in line with this pursuit include *inter alia*:

- 2.12.1. Securing of Post Commencement Finance;
- 2.12.2. Convening of statutory meetings;
- 2.12.3. Managing liquidity and expenditure;
- 2.12.4. Creditors claim assessment;
- 2.12.5. Evaluation of secured claims and available unencumbered assets for securing further funding;
- 2.12.6. Renewal of insurance;
- 2.12.7. Facilitation of salaries and wages payments;
- 2.12.8. Facilitation of other critical operational activities and payments;
- 2.12.9. Engagement of tax consultants to assist with tax compliance;
- 2.12.10. Appointment of technical industry specialist;
- 2.12.11. Investigation into health and safety protocols of both plants;
- 2.12.12. Halting of bottling operations to address health and safety/regulatory noncompliance (this has now largely been resolved and trading is expected to recommence shortly);
- 2.12.13. Commencement of remedial action and facilitation thereof;
- 2.12.14. Ongoing discussions with stakeholders in respect of potential longer-term, strategic options to exit rescue;
- 2.12.15. Evaluation of commerciality and viability of offers received and negotiations with interested parties;
- 2.12.16. Concluding of a short-term storage and filling contract to generate operational income;
- 2.12.17. Discussions with technical engineers to assist with the interconnection with the Sunrise pipeline; and
- 2.12.18. Recommencement of cylinder filling operations at the Airport and Saldahna sites.

2.13. In addition to the above, the BRP is having to undertake extensive work alongside staff to update the accounting records (financial statements, taxation, management accounts, creditor and debtor records), as well as ensuring all tax and related compliance. This has taken longer than originally anticipated but is expected to be completed within approximately the next two weeks.

3. **Funding of the business rescue**

- 3.1. Post commencement financing ("PCF") of R5 million have been secured to date.
- 3.2. Costs of the business rescue to date amount to circa R5.9 million, and include:
 - 3.2.1. BRP fees and BRP legal consultation fees, BRP advisor's fees and insurance.
 - 3.2.2. Monthly operational costs;
 - 3.2.3. Remedial actions costs;
 - 3.2.4. Tax compliance costs;
 - 3.2.5. Employee costs; and
 - 3.2.6. Other ad hoc required payments.

3.3. The BRP is currently working on securing additional PCF to allow for continued trading and preparation of a business rescue plan (see additional note below).

4. **Potential investment and options for exit of business rescue**

4.1. Discussions with interested parties continue to progress well:

4.1.1. Whilst due to confidentiality the various potential interested parties and stakeholders cannot at this stage be disclosed, the BRP has narrowed down the offers and is currently focusing on two principal exit options;

4.1.2. Expressions of interest have been received; due diligence and negotiations are underway but have progressed since the date of our last report; the BRP is comfortable that both parties in question have the requisite funding/balance sheet to execute on such a deal; and

4.1.3. The BRP is negotiating further PCF from the shareholder and/or interested parties to fund the remaining few weeks that she envisages will be required to publish and if adopted, implement a rescue plan.

4.2. It should be noted that the ongoing securing of additional PCF remains pivotal to the ability of the BRP to progress and close a deal for the benefit of the creditors.

5. **Sunrise Energy and interconnection pipeline**

5.1. Discussions with Sunrise Energy (and the TNPA) in respect of the potential interconnection pipeline have progressed but remain ongoing.

5.2. Alternative options are also being explored in this context.

6. **Publication of the Business Rescue Plan and Section 151 voting meeting**

6.1. Given the ongoing discussions and evaluation of proposals, a further short extension for the publication of the business rescue plan will be requested shortly.

7. **Conclusion**

7.1. In light of progressing discussions with potential interested parties and the receipt of two non-binding offers (and a third expected shortly) alongside the securing of PCF, the BRP remains of the view that there is still reasonable prospect to rescue the company;

7.2. Further updates to the process will follow in due course.

Yours sincerely

Alison Timme
